Java Development Training

Noida, India

- To Work on Backend technologies currently I am upgrading my skills through Java and its frameworks like springboot .

PROJECTS

Portfolio Website [↗](#) | HTML, CSS, JavaScript

February 2025

- Responsive portfolio website built with **HTML, CSS, and JavaScript**.
- [GitHub Link](#)

Railway Reservation System | Java,Servlet and JSP ,Hibernate,Spring,Spring Boot

November 2024

- Objective: For providing a simpler platform for user reserving a seat on trains
- In this project, I build a scenario for ticket booking system using the JDBC to store different type of data, such as train details, passenger details, etc.
- The admin page is password- protected, and only authorized person are able to access it. To add train, delete the train, view passenger details.

CERTIFICATES

- Java Full Stack Development from DUCAT.

RELEVANT COURSEWORK

- Web Development
- OOPS Concept
- Database Management System (DBMS)
- Software Methodology

HOBBIES

- * Cricket .
- * Traveling .
